SKILLS

- Languages: JavaScript, Python, PHP
- Deep understanding of CSS and HTML
- Knowledge of Meteor
- Knowledge of WordPress
- SEO and CRO Optimization
- Google Analytics certified
- Git and Terminal knowledge

EXPERIENCE

Full-stack Meteor Developer

November 2014 – Present
http://dmno.io

Building an application's front and back end. Using multiple third-party API's including Stripe, Filepicker, Dropbox, etc. Setting up cron jobs, manipulating MongoDB and following best practices for the UI using Google's Material Design.

Junior SEO/WebDev, Spark Internet Marketing

February 2014 – December 2014
http://hellospark.com

Working in the Web Development and SEO departments with client's sites. Made custom changes in the WordPress backend, set up Google Analytics, as well as, created custom template sites and moved Wordpress installs from server to server, editing MySQL Databases.

Intern, MinoeWorks

July 2013 - September 2013
https://www.minoe.com

Working in a startup company under agile methodology. Tested the website for bugs and worked in Eclipse to create widgets using GWT. Designed and implemented a tooltip widget that gets executed on hover of mouse for specific widgets on the website.

Sales Associate, Little Burgundy

November 2011 – December 2014

Providing skillful service for customers looking to acquire new footwear, handbags, and accessories. Capable of processing cash, credit and debit transactions. Adept communication skills lead to further upsells of multiple items per transaction and shoe care. Able to work with colleagues as well as provide training for new employees. Capable of thriving through stressful rush-hour traffic and complete tasks efficiently and with haste.

Accomplishments

- Ranked first worldwide in Club Elite for Aldo Group.
